Good morning all,

For students who are having trouble accessing the Learning Center, please follow the instructions below.

1. If students have never logged in to the Leadership Community or Learning Center
  - a. Go to [my.fbla-pbl.org](http://my.fbla-pbl.org)
  - b. Use the email used for membership and **Password1** to login
  - c. Click My Profile at the bottom of the left menu.
  - d. Click the My Account tab and follow the password reset screen instructions.
2. Go to [learn.fbla-pbl.org](http://learn.fbla-pbl.org)
  - a. Click the login button on the upper right corner
  - b. Log in with the email and password just created.

If you have members that are not able to access the Learning Center using the instructions above, please first login to the membership database to ensure your students are using the correct e-mail addresses to login. If you have confirmed that, please complete the form below and list all student members affected. A member of the FBLA staff will get back to you as soon as possible.

**Student User Profile Help:** <https://learn.fbla-pbl.org/student-user-profile-request>

Best,  
Gayle
