

about Reading

Dear Parents/Guardians,

Welcome to the new school year! To encourage reading practice with our students we are launching our WILD ABOUT READING program. This is a jungle themed reading incentive program that encourages readers, each day, to practice and to discover a love of reading.

Each parent/adult is responsible for keeping track of how many minutes are read at home. Reading can be done by the student, by an adult to the student or both. Picture books (for pre-k), chapter books, poetry, letters, newspapers, magazines, etc. are all acceptable.

Each month, students will have the chance to earn 1, 2, or 3 “bananas” to put in their jeep as it travels along our jungle trail. Parent/adult will record the number of minutes read on the reading log by initialing each square. *I encourage you to set a routine and not wait until the night before to read all the minutes.* The reading logs are due back on the first school day of the following month. Students will then receive their “bananas”. Thanks for your support and have a great year!!
